

ARAWALI SUPPLY CHAIN SOLUTIONS

“From Earth’s Finest Minerals to Industry’s Finest Results.”

Delivering Purity. Powering Performance

arawaliscs@gmail.com

About Us.

Introduction

Arawali Supply Chain Solutions is a reputed and quality-driven manufacturer of Calcite (Calcium Carbonate), Dolomite, China Clay, and Soapstone.

Established in 2016, our state-of-the-art facility at RIICO Industrial Area, Parbatsar (Dist. Nagaur, Rajasthan) produces premium-grade mineral powders that serve industries across India and abroad.

Our brand stands for precision, purity, and performance, recognized as one of the most trusted names in mineral-based industrial powders.

Founder's Message

We built Arawali with a vision to serve industries in the most efficient and economic manner.

My three decades of experience in India's premier research organization, CSIR (Govt. of India), inspired me to ensure that quality and innovation go hand in hand."

Mr. Lalit Raj Meena

Founder & Managing Director, Arawali Supply Chain Solutions

Our Mission

- Deliver high-quality, cost-effective mineral products that meet international standards.
- Support sustainable industrial growth across multiple sectors.
- Become a complete calcium-carbonate house, offering end-to-end supply chain excellence in India and abroad.

Core Values

Quality & Consistency

Customer-Centric Approach

Integrity & Transparency

Innovation & Sustainability

WE MANUFACTURE THE FOLLOWING PRODUCTS AT OUR MANUFACTURING FACILITIES

PRODUCT NAME

Product Name	Mesh / Micron Size	Calcium (%) 85–97%	Whiteness (%) 90–99%	Brightness (%) 90-98%
Calcite / Calcium Carbonate Powder (Coated & Uncoated)	100 Mesh	As per client requirement	As per client requirement	As per client requirement
– do –	200 Mesh	– do –	– do –	– do –
– do –	300 Mesh	– do –	– do –	– do –
– do –	400 Mesh	– do –	– do –	– do –
– do –	500 Mesh	– do –	– do –	– do –
– do –	20 Micron	– do –	– do –	– do –
– do –	15 Micron	– do –	– do –	– do –
– do –	10 Micron	– do –	– do –	– do –
Do (D-50 Specifications)	3 Micron	– do –	– do –	– do –
Dolomite Powder	200 Mesh		90%+	–
Dolomite Powder	300 Mesh		90%+	–
Dolomite Powder	400 Mesh		90%+	–
Dolomite Powder	500 Mesh		90%+	****

Note:

Whiteness in all sizes of Calcium Carbonate can be provided up to 99%.
Dolomite whiteness available up to 94–95% on request.

Industrial Applications

- Paints & Putties
- Plastics & Rubber
- Paper & Packaging
- Soap & Detergents
- Cable Insulation
- Pharmaceuticals & Cosmetics
- Animal Feed & Aquaculture
- Construction & Ceramics
- Coating & Electrical Powder Industries
- Automotive Brake Components

Quality Assurance | Capabilities | Services

Quality Assurance

Each batch undergoes strict tests for particle size, brightness, and composition to ensure uniform quality. Arawali follows ISO-grade standards with a fully equipped in-house lab for consistent, high-performance results.

Capabilities & Service

Advanced pulverizing and coating machines, dust-free handling, dedicated R&D lab, efficient packaging, and continuous quality monitoring for reliable output.

Training & Consultancy

Training & Consultancy Arawali also offers customized training and consultancy services for clients seeking:

- Optimized material utilization
- Improved process efficiency
- Cost-effective product formulation
